

Dear Customer,

Welcome to Sown In Surrey, Rob and Tony's world of Micro Herbs. Since our humble beginnings in 2014 we have developed into a premium local supplier for Micro Herbs in the South of England.

Growing Cress is our speciality – we deliver all our herbs still growing in the box so they are super fresh, have a long shelf life and are easy to use. Just remove from the box, snip off the herbs you need and away you go...

Micro Herbs are delicate seedlings and are best used uncooked to make most of their enhanced flavour and high nutrient content. They make an amazing garnish and flavour enhancer to any dish (even desserts!) and are used by nearly all top restaurants, hotels and chefs.

Nationwide & Local Delivery

Local – we deliver our Micro Herbs free of charge within a 30 mile range from Horsham every Tuesday and Friday (2x boxes minimum order, shelf life 7 days)

Nationwide - If you live outside our area, we can now post our herbs to you anywhere in the UK. You can purchase 'single boxes' by using our easy to use Shop at www.sowninsurrey.co.uk or call us on **01306 400118** to set up an account for order by txt or phone.

PRODUCTS

In each box we pack 16 punnets with up to four different varieties of the finest herbs available. We've grouped some of our range of herbs in to the following most popular mixed boxes for easy ordering.

OUR SAKURA MIX BOXES ARE £14.50 INCLUDING FREE DELIVERY

Classic (our most popular) - Coriander, Red Amaranth, Garlic Chives, Lemon balm

Garden Mix - Pea Shoot, Mint, Red Radish, Parsley

Asian - Thai Basil, Coriander, Pak-Choi, Shiso

Mediterranean - Rocket, Basil, Garlic Chives, Red Veined Sorrel

Surprise box - We select what best on the day and pack you a box of our finest.

BUILD YOUR OWN BOX

You choose exactly what goes in your box, and we grow it. Choose up to four varieties for your bespoke box or you can order a whole box of any species we grow.

We are always testing new products and have new species growing all the time. If there is a herb that doesn't appear in our range and you'd like us to try it, let us know. You never know, we might already be growing it!

Herb list: Lemon Balm, American Land Cress, Greek Cress, Red Mustard, Water Cress, Sunflower, Red Cabbage, Shiso, Garlic Chives, Red vein Sorrel, Mint, Coriander, Red radish, Pak-Choi, Pea Shoots, Rocket, Basil, Thai Basil, Celery, Mint, Red Amaranth, Wasabi, Dill, Parley, Fenugreek, Sweet Corn

New - Mexican gold - Tropical, tastes like pineapple and grapefruit (great on desserts)
Please call us with your requirements (POA) ...

ENVIRONMENTALLY FRIENDLY

We are proud to say that all materials we now use are either bio-degradable or can be recycled, and our system uses 80% less water than traditional farming.

We also use no nasty chemicals or pesticides and are committed to environmental consideration with everything we do
